DINAMON ALAM AYMIN

CSE STUDENT | ASPIRING SOFTWARE DEVELOPER

Chattogram, Bangladesh | 01533500557 | dinamonalam@gmail.com
LinkedIn Profile | GitHub Profile

PROFESSIONAL SUMMARY

Computer Science and Engineering student interested in web development, software development, and database-driven applications. Building practical knowledge through coursework and academic projects, including a Hostel Management System, an Edu Ecosystem concept, and an Arduino-based assistive stick. Eager to continue developing programming, problem-solving, and collaboration skills while contributing to meaningful projects.

EDUCATION

B.Sc. in Computer Science & Engineering (CSE)

Port City International University

2024–2027 (Expected) | Chattogram, Bangladesh

Higher Secondary Certificate (HSC) – Science

Chattogram Bandar Mohila College

2019–2021 | Chattogram, Bangladesh

GPA: 5.00 / 5.00 (A+)

Secondary School Certificate (SSC) – Science

P.H. Ameen Academy

2018–2019 | Chattogram, Bangladesh

GPA: 5.00 / 5.00 (A+)

TECHNICAL SKILLS

Programming: C, Java; JavaScript (learning)

Web Development: HTML, CSS; PHP (learning)

Databases: MySQL; MongoDB concepts (learning)

Tools: Git, GitHub, Visual Studio Code, XAMPP

Additional Learning: React, Next.js, TypeScript; Arduino basics

ACADEMIC PROJECTS

Hostel Management System

• A web-based academic project concept for hostel information management. Planned modules include students, rooms, employees, visitors, fees, and reports, using HTML, CSS, PHP, and MySQL.

Edu Ecosystem

• An academic software project focused on improving information access and communication among teachers, students, and parents. Work includes project documentation, system design, and presentation preparation.

SafeStep — Smart Assistive Stick

• An Arduino-based assistive-stick project concept for visually impaired users. An ultrasonic sensor detects obstacles and a water sensor detects water; a buzzer and vibration motor provide alerts.

CORE STRENGTHS

Willingness to learn • Logical thinking • Problem-solving • Team collaboration • Technical documentation and presentations

LANGUAGES

Bangla: Native | English: Basic; actively improving
